# AI Reader: Instructor Access & Management

WHAT IS THE MCGRAW HILL AI READER?

McGraw Hill's AI Reader provides students with an embedded generative AI learning tool that creates a more flexible learning environment to drive meaningful engagements and a deeper conceptual understanding of your course content.
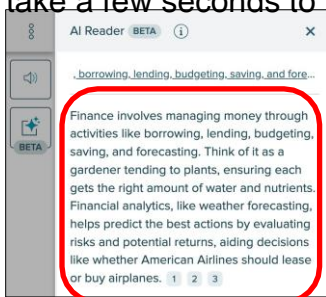

USE AI READER

Generate an explanation:

- **Step 1: Highlight.** Within your eBook, highlight any text that is challenging. This can be a single word, sentence, or multiple paragraphs.

- **Step 2: Click on AI button.** After highlighting the text where you want assistance, click on the AI button in the tool bar.

- **Step 3: Simplified Explanation.** At this point, the AI Reader side panel will slide open and the tool will use McGraw Hill's proprietary AI model to generate an alternate explanation. Generation may take a few seconds to render.

Additional actions:

- **Simplify further:** After generating a response, click "Simplify this further" to generate an even simpler alternate explanation.

- **Quiz me:** Click "Quiz me" to generate up to three check-for-understanding questions. You can access these questions with the "+" button and navigate with the arrows.

- **Regenerate:** Click the regenerate button to view different explanations.

- **Citations:** Under the AI-generated explanation, you will see at least one number that denotes there is a citation available. That reference will take you into the source content where the explanation originated.

Think of publicly listed firms like an item in an open marketplace where anyone can come in and shop and learn information about what is available. Private companies are not available to the public, only a small set of investors and managers own them, and information is less available. 1 2 3

- **Like/Dislike:** Click the thumbs up or thumbs down icons to inform the system if the explanation and/or quiz questions were helpful. Rating the tool will help it improve over time.
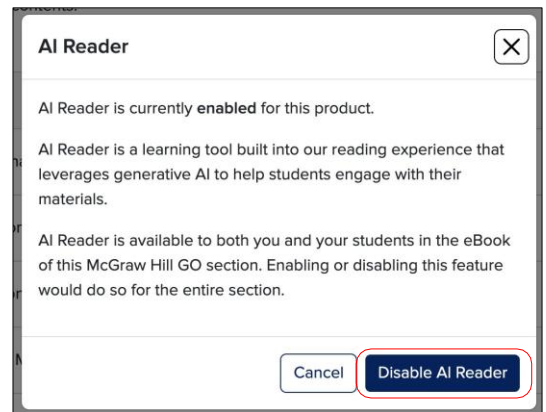

DISABLE/ENABLE AI READER

- **Step 1: Navigate to the AI Reader button.**

Dashboard   Assignments   Library   Performance ∨   Polling   Messages   To grade

Dashboard   AI Reader   Student view

Section performance   Section information

- **Step 2: Click on the AI Reader button.** If you would like to disable the AI Reader, click on the button labeled Disable AI Reader.

AI Reader   ✕

AI Reader is currently **enabled** for this product.

AI Reader is a learning tool built into our reading experience that leverages generative AI to help students engage with their materials.

AI Reader is available to both you and your students in the eBook of this McGraw Hill GO section. Enabling or disabling this feature would do so for the entire section.

Cancel   **Disable AI Reader**

If you decide you want to enable it at any time, you can simply click on Enable AI Reader.
