Introduction

Thank you for adopting McGraw Hill GO. The purpose of this document is to provide the steps and details needed to:

1. Add McGraw Hill GO to your course
2. Create and assign GO assignments
3. Copy GO content from a paired Canvas course to another Canvas course
4. Access and complete GO assignments as a student
5. Access GO eBooks on the ReadAnywhere app
6. Contact support for help with GO

NOTE: Before adding GO to your Canvas course, it needs to be installed in Canvas by your IT/LMS Administrator. If it has not been installed, please reach out to your McGraw Hill representative for assistance. [Click here if you need to find your representative.](#)

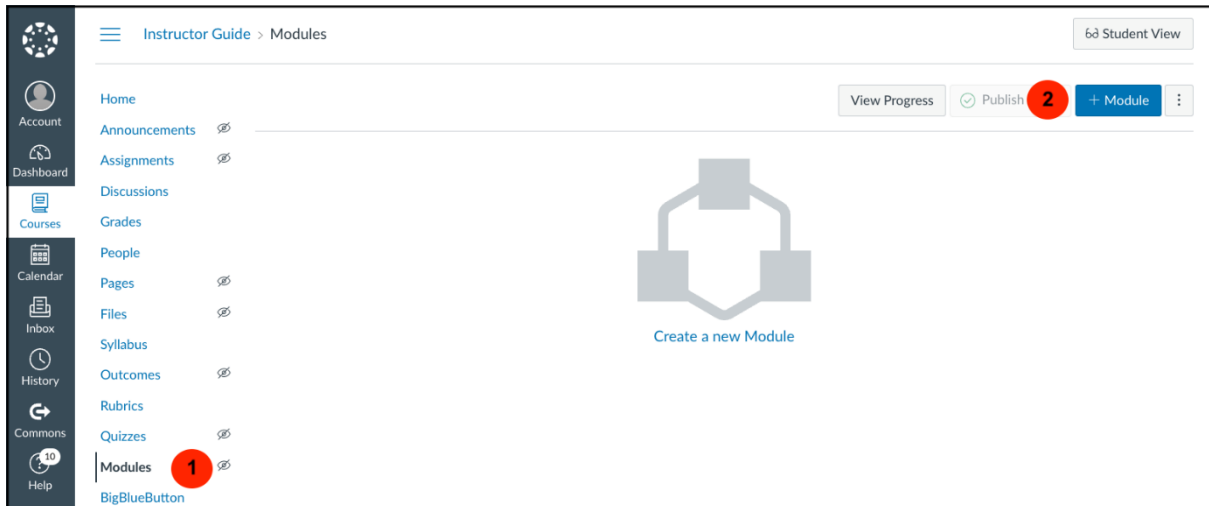

McGraw Hill GO Course Set-up

Add McGraw Hill GO to a Canvas Course

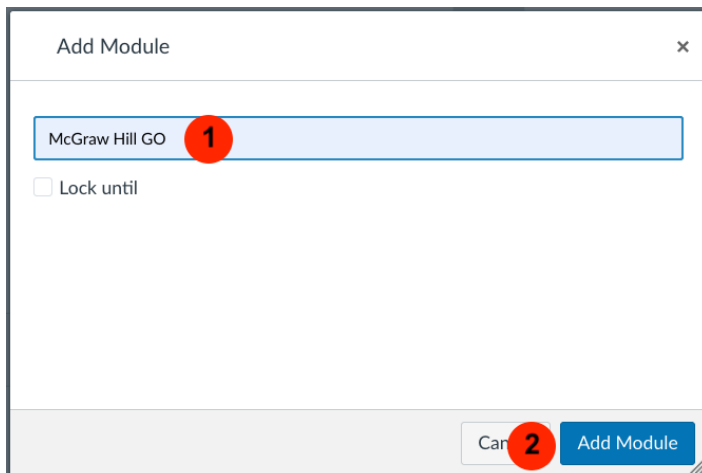

STEP 1: Login to Canvas.

STEP 2: Create or select the existing courses associated with McGraw Hill GO.

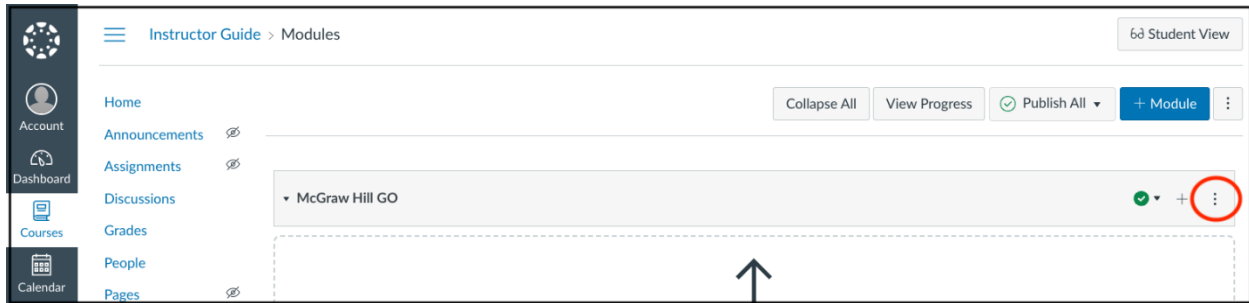

STEP 3: Select Modules **(1)** from the left-hand menu and select **+ Module**.

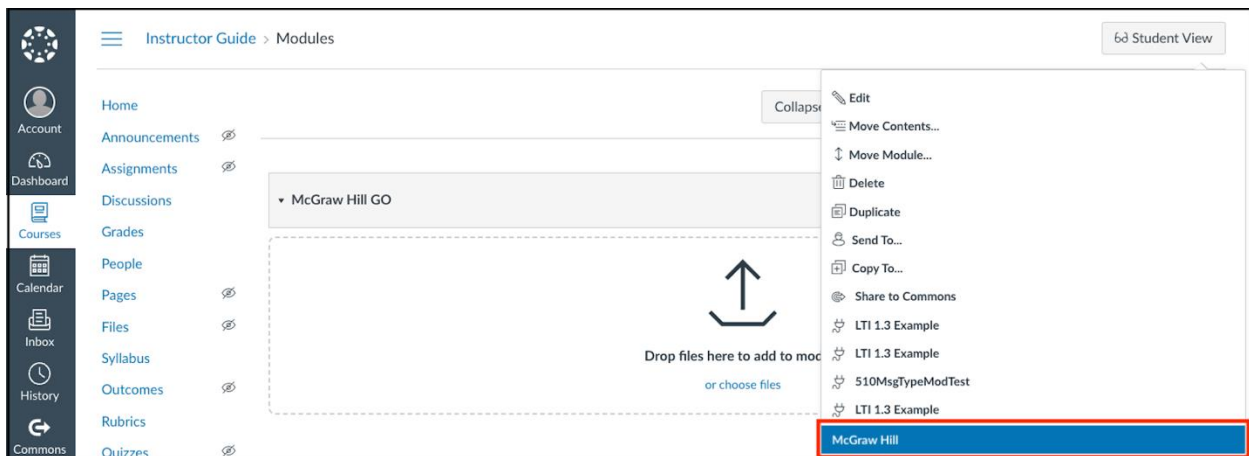

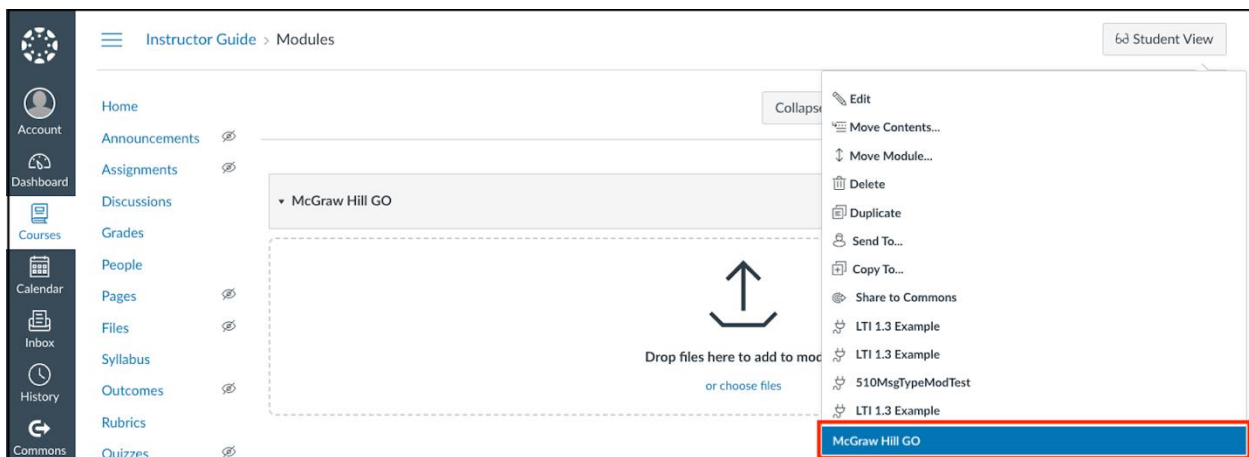

STEP 4: Provide an appropriate name for the Module and select **Add Module**.

STEP 5: Select the module's kebab menu to see the list of apps/tools.

STEP 6: Select McGraw Hill or McGraw Hill GO from the list of options. If you're not sure which one to select, contact your LMS administrator.

If your institution uses the **McGraw Hill** integration, you will see the following screen. Select **McGraw Hill GO**. If your school uses the **McGraw Hill GO** integration, continue to the step 7.

STEP 5: To access Canvas assignment settings, select **Assignments** and then select the high-level kebab menu or the kebab menu for individual assignments.

Point values can be edited here. By default, the assignment will be 10 points per question.

STEP 6: To edit assignment dates, select **More Options**, scroll to the bottom, and select **Manage Due Dates and Assign To**. When finished, select **Apply**.

*Note: In Canvas, if the instructor sets an **until date** on a GO assignment, students will not be able to access that assignment or the eBook through that assignment after the until date. If the instructor sets a **due date** but not an until date, students will still be able to access that assignment and the eBook through that assignment after the due date.*

The "Manage Due Dates and Assign To" link in the "Assign Access" section is also highlighted with a red box. The "Apply" button at the bottom right is also highlighted with a red box.

Preview eBook Chapter

To preview an eBook chapter, click the book icon associated with the desired chapter from GO table of contents page.

The screenshot shows the McGraw Hill GO interface for 'Sociology Matters'. At the top, there is a 'Return to Course' link. Below it, the title 'Sociology Matters' is displayed. A message states: 'Select the chapters you want to assign from the table of contents.' A 'Resources' button is visible in the top right. The 'Table of Contents (11)' section contains a list of chapters. The first chapter, 'Chapter 01: The Sociological View', is checked and has an 'Assigned' badge, '15 Questions', and a book icon circled in red. A 'Preview Chapter' tooltip is shown above the book icon. The second chapter, 'Chapter 02: Culture and Socialization', is also checked and has an 'Assigned' badge and '15 Questions'.

The reader panel will display that eBook chapter. Close ('X') the reader panel to return to the TOC.

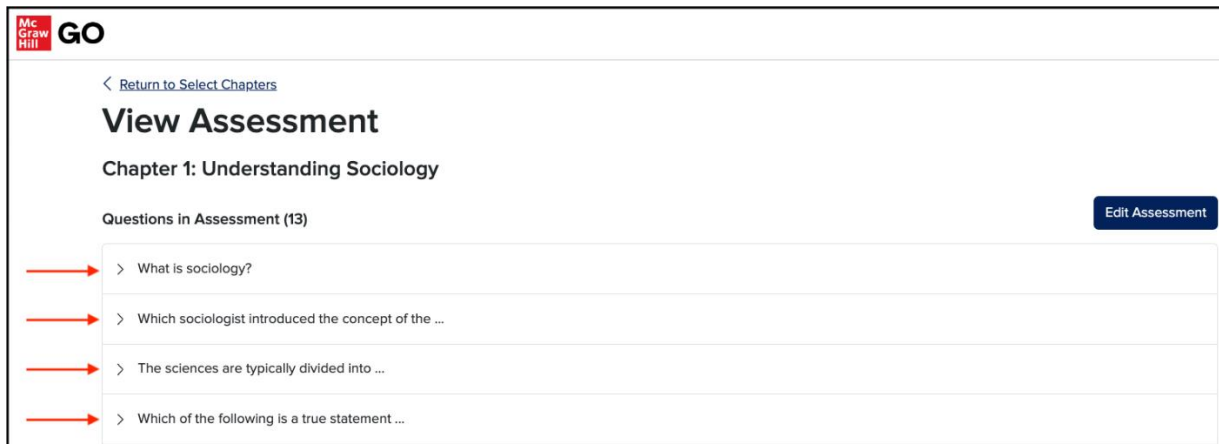

The screenshot shows the eBook reader interface for 'Chapter 1: Understanding Sociology'. The page number '18 of 196' is displayed at the top. The chapter title '1 Understanding Sociology' is prominently shown in a dark blue banner. Below the banner is a photograph of a group of people, including children and adults, participating in a community cleanup activity in a wooded area. They are wearing light blue shirts and are seen collecting trash into green bags.

Questions in Assessment (13) [Edit Assessment](#)

What is sociology?

Question 1 of 13

What is sociology?

- the process of using common sense to study the world around us
- the scientific study of social behavior and human groups
- the investigation of personality and individual behavior
- the study of past cultures and preindustrial societies

Explanation:
Sociology is a science that engages in research to study the behavior of groups and the effect of the social environment on the individual.

Edit Assessment

Reset Questions

You are about to reset the assessment back to the default question set.

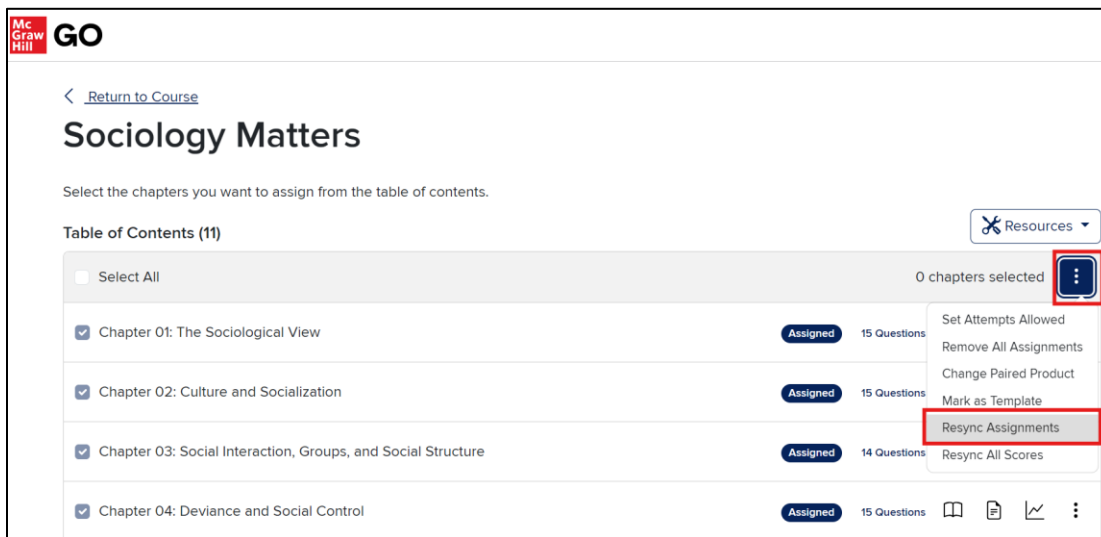

Once you reset, you will be returned to the [View Assessment](#) page which will now reflect your change and the assessment that your students will now see when they take the assignment.

Resync Assignments

You have the ability to resync your GO assignments to your LMS. This feature can be used when your GO assignments are not showing up in your LMS or if you accidentally delete a GO assignment from the LMS and need it to be restored.

Within the GO table of contents, open the chapter-level kebab menu and select **Resync Assignments**. Doing so will restore the GO assignment.

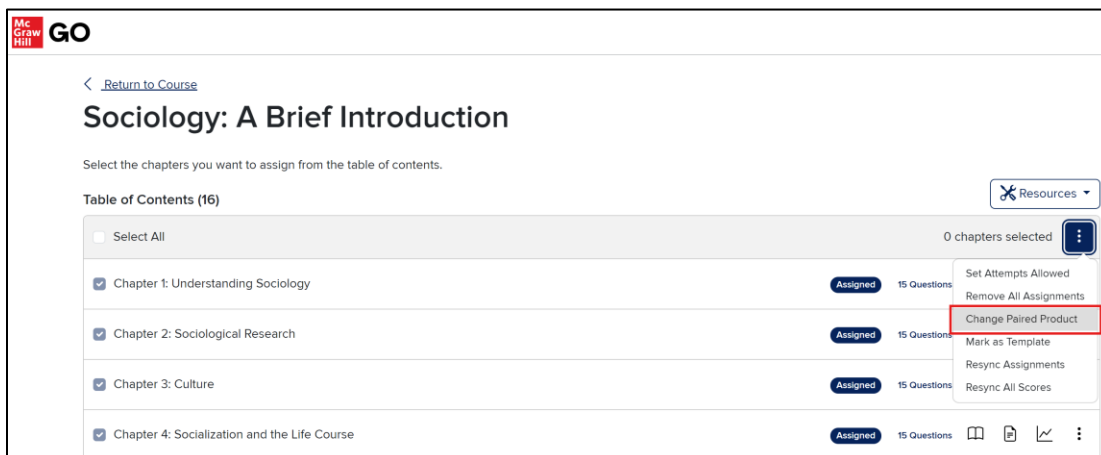

Note: Resync Assignments will reset the GO assignment names and point values to their default state. If you made any changes to the GO assignment names or point values in Canvas, using the Resync Assignments feature will require you to redo those changes in Canvas.

The screenshot shows the McGraw Hill GO interface for a course titled "Sociology Matters". At the top, there is a "Return to Course" link and the course title. Below this, a message says "Select the chapters you want to assign from the table of contents." The "Table of Contents (11)" section features a "Select All" checkbox and a "Resources" dropdown menu. A table lists four chapters, each with a "Select" checkbox, a status (e.g., "Assigned"), and a question count. A kebab menu is open for the first chapter, "Chapter 01: The Sociological View", with the "Resync Assignments" option highlighted in red. Other options in the menu include "Set Attempts Allowed", "Remove All Assignments", "Change Paired Product", "Mark as Template", and "Resync All Scores".

Change Paired Product

You can change the product (McGraw Hill title) that is paired with your course by opening the TOC kebab menu and selecting **Change Paired Product**. Doing this will remove from the LMS any assignments you have made. Note: You cannot change the paired product once students have started the assignments.

The screenshot shows the McGraw Hill GO interface for a course titled "Sociology: A Brief Introduction". At the top, there is a "Return to Course" link and the course title. Below this, a message says "Select the chapters you want to assign from the table of contents." The "Table of Contents (16)" section features a "Select All" checkbox and a "Resources" dropdown menu. Other options in the menu include "Set Attempts Allowed", "Remove All Assignments", "Mark as Template", "Resync Assignments", and "Resync All Scores".

Set Multiple Attempts

By default, the student is allowed a single attempt to complete the assessment component of a GO assignment. However, the instructor has the option to change the default attempts allowed for all assessments in the section or for each assessment in the section. Any changes to the number of attempts at either the section level or the assignment level will apply only to this GO section, unless this section is copied.

Set Multiple Attempts for Entire Section

Follow these steps to set a new multiple attempts default value for the entire GO section.

STEP 1: Open the TOC kebab menu and select **Set Attempts Allowed**.

STEP 2: On the Set Attempts Allowed modal, select the value (1-10) you wish to apply to all assignments in this GO section and then select **Update**.

Set Multiple Attempts for an Assignment

Follow these steps to set a new multiple attempts value for one assignment at a time. Note that a chapter must be **assigned** in order for you to change the default multiple attempts value.

STEP 1: Open the chapter-level kebab menu and select **Set Attempts Allowed**.

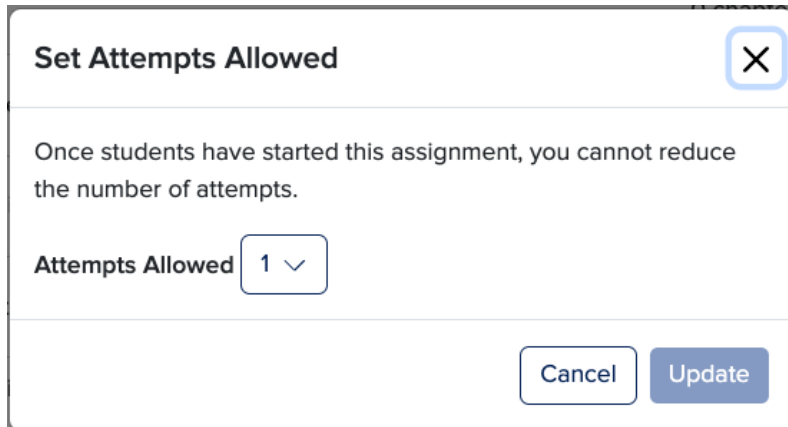

The screenshot shows the McGraw Hill GO interface for a course titled "Sociology, A Brief Introduction". The page displays a "Table of Contents (16)" with three chapters listed, each marked as "Assigned". The second chapter, "Chapter 2: Sociological Research", has a kebab menu open, and the "Set Attempts Allowed" option is highlighted with a red box. Other options in the menu include "Unassign" and "Resync Scores".

Set Submission Attempts / Allowed Attempts in Canvas

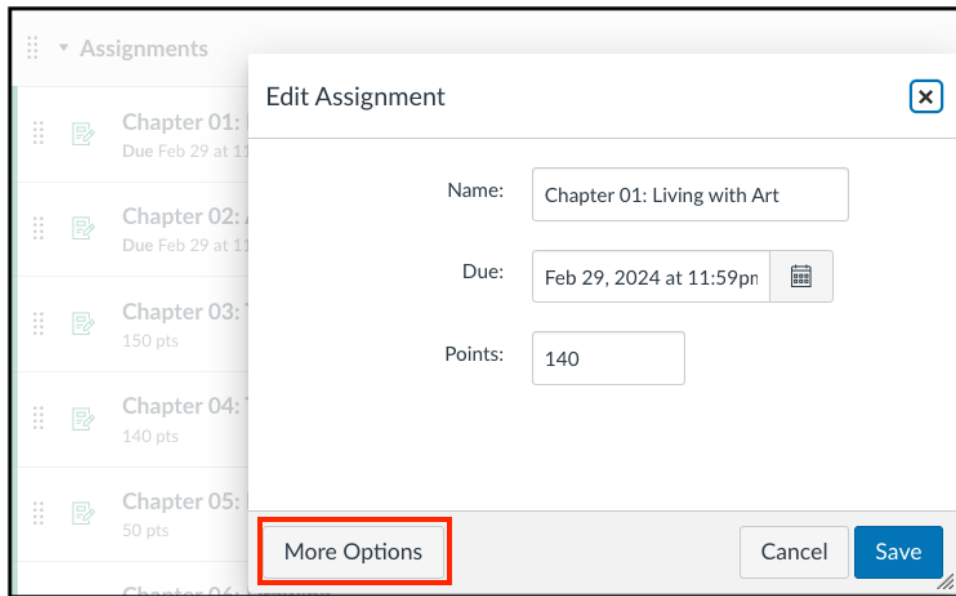

Important Note: If you are using GO's Multiple Attempts feature, it is strongly recommended that you confirm in your Canvas course that GO assignments are enabled for **Unlimited** attempts. This setting will not give students an unlimited number of attempts, since that is managed in GO itself, but it will allow grade syncs from GO to Canvas to be performed as often as required to ensure that the correct GO scores will appear in the Canvas gradebook.

After you have set multiple attempts to the desired value in McGraw Hill and you have assigned GO content, return to your Canvas course and perform the following steps for one of your GO assignments.

STEP 1: In the Assignments area of your Canvas course, select the kebab menu for one of the GO assignments and select **Edit**.

STEP 2: In the Edit Assignment modal select **More Options**.

STEP 3: Scroll down to the *Submission Attempts* area and confirm that **Allowed Attempts** is set to “Unlimited”. If it is set to unlimited, then this is your Canvas course default, and no further action is required. If **Allowed Attempts** is not already set to “Unlimited,” then change it now.

Repeat these steps for each GO assignment in your Canvas course.

Instructor Resources

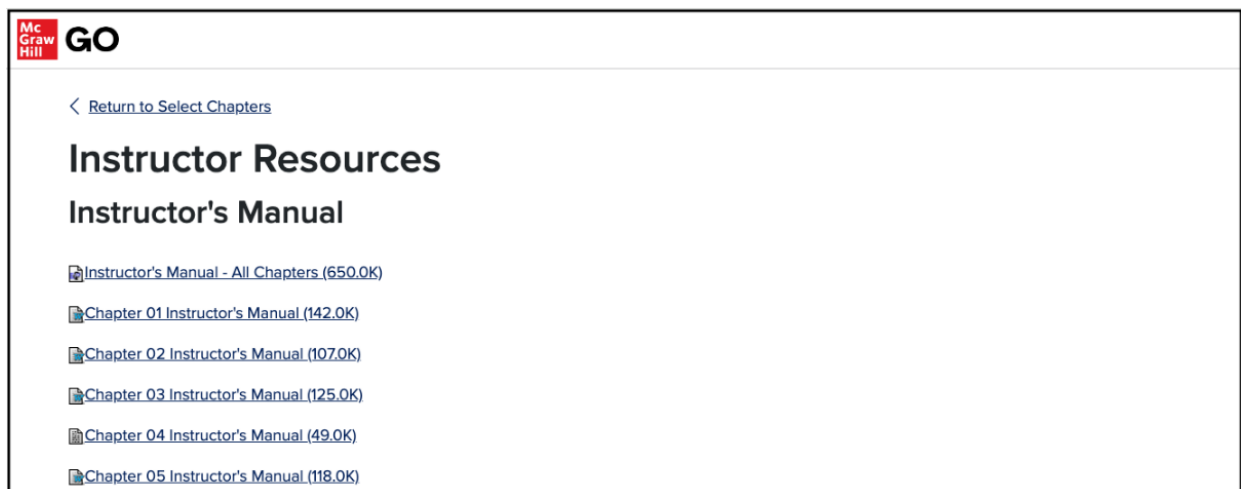

McGraw Hill GO provides the instructor supplemental course materials and tools that can be used along with the regular content. Supplemental materials (**Instructor Resources**) include manuals covering the eBook content of each GO product with chapter overviews, learning objectives, lecture notes and teaching tips along with PowerPoint presentations. Also included is McGraw Hill's **Test Builder** tool with which the instructor can create tests that can be printed or administered in the LMS. Please note that most but not all McGraw Hill GO titles offer these supplemental materials and tools.

1. You can access **Instructor Resources** from the GO table of contents page. Select the **Resources** button on the right side above the TOC and then select **Instructor Resources** from the dropdown.

The screenshot shows the McGraw Hill GO interface for the course 'Sociology: A Brief Introduction'. The page title is 'Sociology: A Brief Introduction' and it includes a 'Table of Contents (16)' section. A dropdown menu labeled 'Resources' is open, showing options for 'Instructor Resources', 'Test Builder', and 'About Resources'. The 'Instructor Resources' option is highlighted with a red box. The table of contents lists three chapters: Chapter 1: Understanding Sociology (Assigned, 13 Questions), Chapter 2: Sociological Research (Assigned, 14 Questions), and Chapter 3: Culture (Assigned, 13 Questions).

2. You will be shown a list of all the *Instructor Manuals* and *Accessible PowerPoint* presentations available for your GO product. You can then return to the GO TOC by selecting **Return to Select Chapters** at the top/left of that page.

The screenshot shows the McGraw Hill GO interface for the 'Instructor Resources' page. The page title is 'Instructor Resources' and it lists several 'Instructor's Manual' documents. The documents are: 'Instructor's Manual - All Chapters (650.0K)', 'Chapter 01 Instructor's Manual (142.0K)', 'Chapter 02 Instructor's Manual (107.0K)', 'Chapter 03 Instructor's Manual (125.0K)', 'Chapter 04 Instructor's Manual (49.0K)', and 'Chapter 05 Instructor's Manual (118.0K)'. A 'Return to Select Chapters' link is visible at the top left of the page.

PowerPoint Presentations - Accessible

Accessible PowerPoint

Accessibility is becoming even more important in the education marketplace. Students and instructors with disabilities use many different assistive technologies, and McGraw-Hill Education is working to increase compatibility and access that will not only help those with disabilities achieve better learning outcomes, but also serve the institutions that are teaching these students. Accessible PowerPoint allows slide content to be read by a screen reader and provides alternative text descriptions for any image files used that enrich the learning experience. Accessible PowerPoint is also designed with high-contrast color palettes and uses texture when possible, instead of color to denote different aspects of the imagery used within the slide.

A note on reviewing slides for accessibility: PowerPoint's Accessibility Checker can sometimes misleadingly flag items as errors that are done properly based on accessibility guidelines. Examples include "Check Reading Order" and "Missing Alt Text." For details, please review this [Word document \(43.0K\)](#)

[Accessible PowerPoint Presentations - All Chapters \(33479.0K\)](#)

3. You can also access **Test Builder** from the GO table of contents page. Select the **Resources** button on the right side above the TOC and then select **Test Builder** from the dropdown. You can then follow the intuitive prompts to create your own tests/exams based on the content associated with the McGraw Hill GO eBook.

The screenshot shows the 'My Tests' page in the McGraw Hill GO system. At the top right, there are three buttons: 'Search by Test Title', 'Refresh List', and 'Create Test'. The 'Create Test' button is highlighted with a red box. Below the buttons is a table with columns for 'Test Title', 'Date modified', 'Product Title', 'Author', 'Edition', and 'Format'. A single row is visible with the test titled 'Unnamed Test', dated 'Feb 21, 2024, 7:43:46 AM', and in 'Draft' status. The page number '1 of 1' is displayed at the bottom.

The screenshot shows the 'Test Builder' interface for a 'Sociology 101 Exam'. The title 'Sociology 101 Exam' is entered in the top left. On the right, it shows 'Total Questions: 0' and 'Total Points: 0'. The interface is split into two main sections: 'Add Question' on the left and 'Your Test' on the right. The 'Add Question' section contains a tree view of the course content, including 'ISBN: Sociology: A Brief Introduction' and chapters 01 through 09. The 'Your Test' section is currently empty and contains a 'Create a Question' button, which is highlighted with a red box. At the bottom of the 'Your Test' section, it says 'No Questions have been added to this test yet'.

To return to McGraw Hill GO simply close the Test Builder browser tab.

Copy a Canvas Course with McGraw Hill GO

The purpose of this section is to provide the steps and details needed to:

1. Copy GO content from a paired Canvas course to another Canvas course
2. Perform the relinking operation for copied GO content
3. Reset GO dates and assignment settings in a relinked Canvas course
4. Optionally, mark an existing Canvas/GO section pairing as a Template

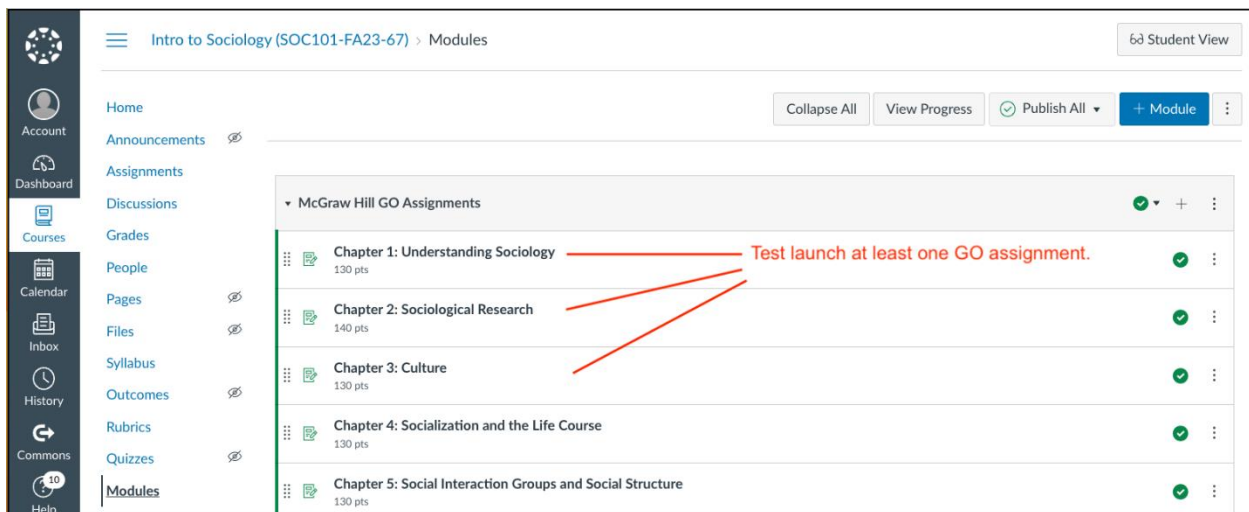

Canvas offers three different methods to the instructor for copying McGraw Hill GO content from one course to another. You are free to choose the method that best aligns with what options are available to you and how you want to manage your course.

With the instructions provided here the instructor can avoid having to rebuild the GO content in each new Canvas course that uses the same GO product.

Note that the use of GO's Template feature is not required for any of the course copy options described here.

Course Copy Method 1: Import Course Content

STEP 1: Confirm that your 'master' Canvas course has been already paired to GO and that you can launch your GO assignments from a Canvas module.

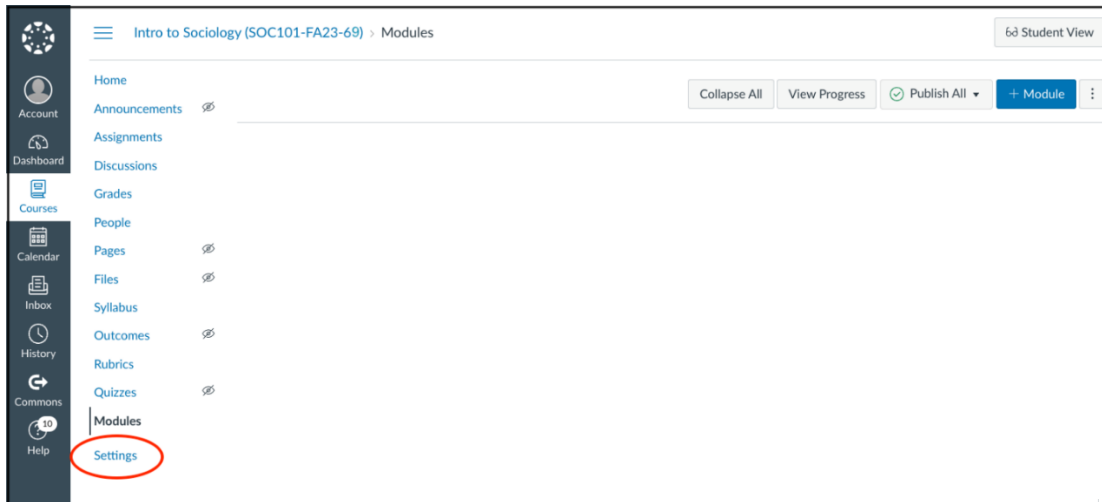

The screenshot displays the Canvas LMS interface for a course titled "Intro to Sociology (SOC101-FA23-67)". The "Modules" section is active, showing a list of McGraw Hill GO assignments. The assignments are:

- Chapter 1: Understanding Sociology (130 pts)
- Chapter 2: Sociological Research (140 pts)
- Chapter 3: Culture (130 pts)
- Chapter 4: Socialization and the Life Course (130 pts)
- Chapter 5: Social Interaction Groups and Social Structure (130 pts)

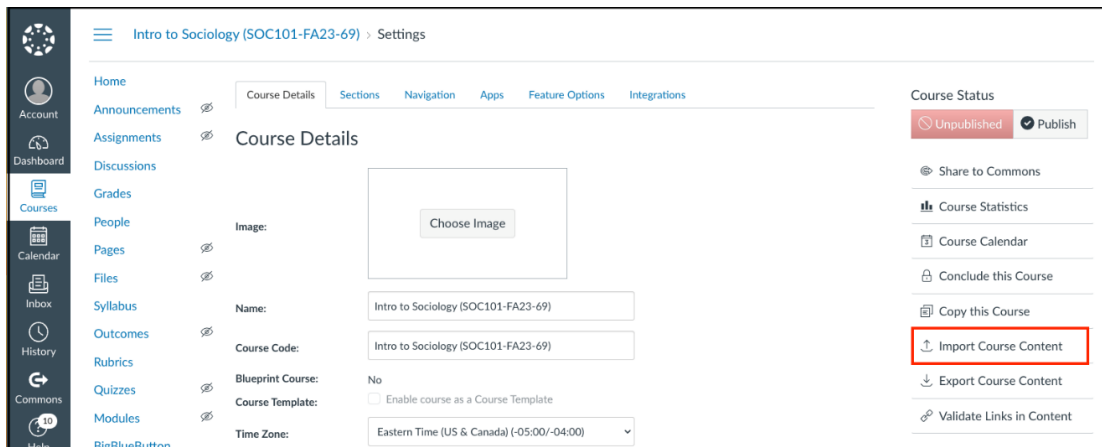

Each assignment has a green checkmark icon on the right, indicating it is launched. A red text annotation "Test launch at least one GO assignment." is positioned to the right of the first three chapters, with three red arrows pointing to the checkmarks of Chapter 1, Chapter 2, and Chapter 3. The interface also shows a sidebar with navigation options like Home, Announcements, Assignments, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Rubrics, Quizzes, and Modules. At the top right, there are buttons for "Collapse All", "View Progress", "Publish All", and "+ Module".

STEP 2: Proceed to a new Canvas course into which you will import McGraw Hill GO content.

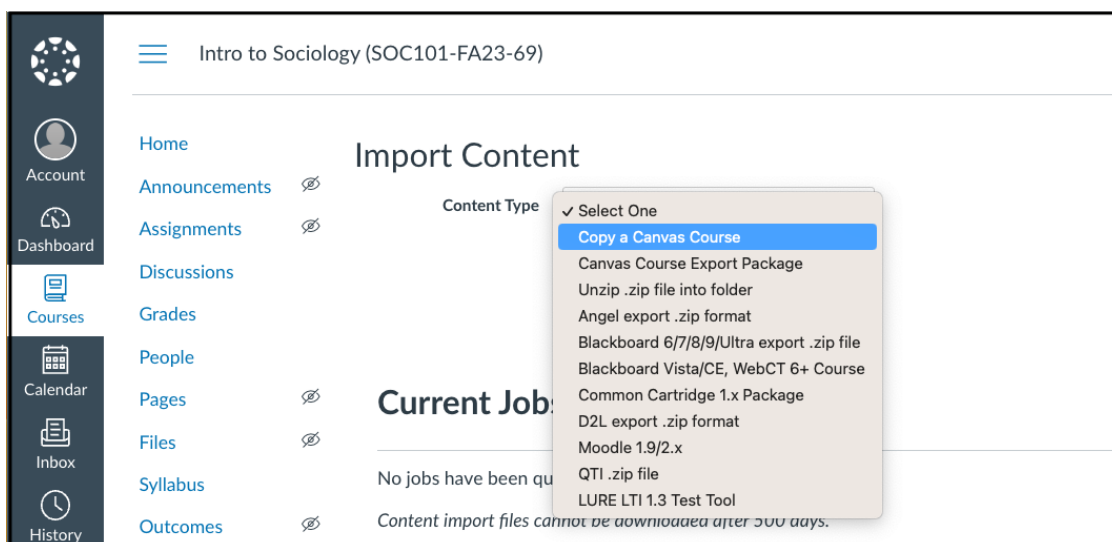

STEP 3: Select **Settings** in the left hand nav panel of your new course.

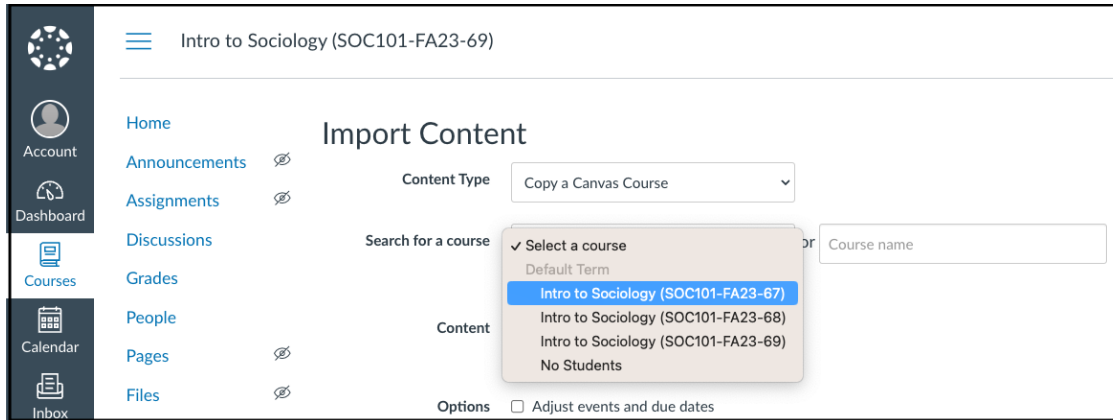

STEP 4: On the Course Details page select **Import Course Content**.

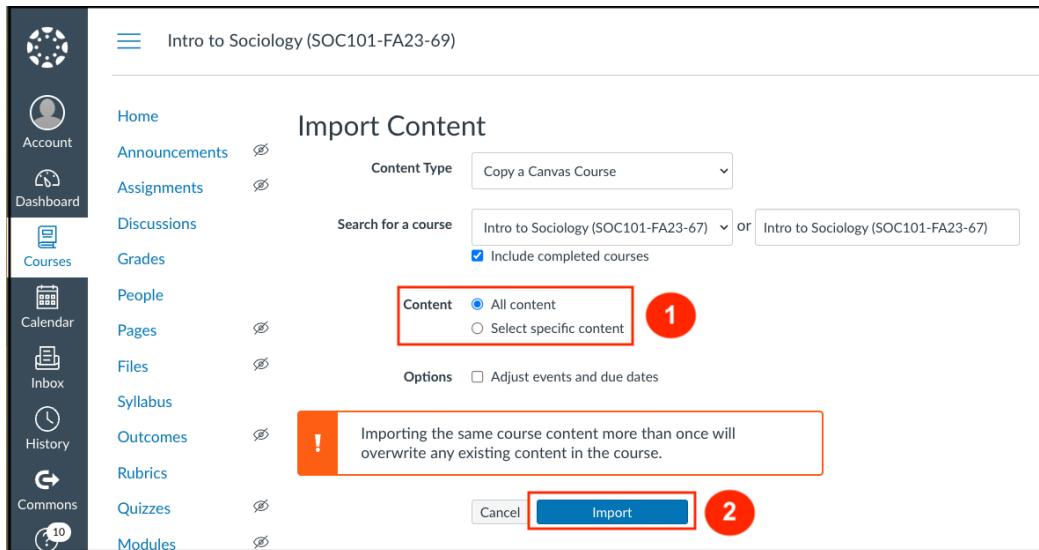

STEP 5: On the Import Content page select **Copy a Canvas Course**.

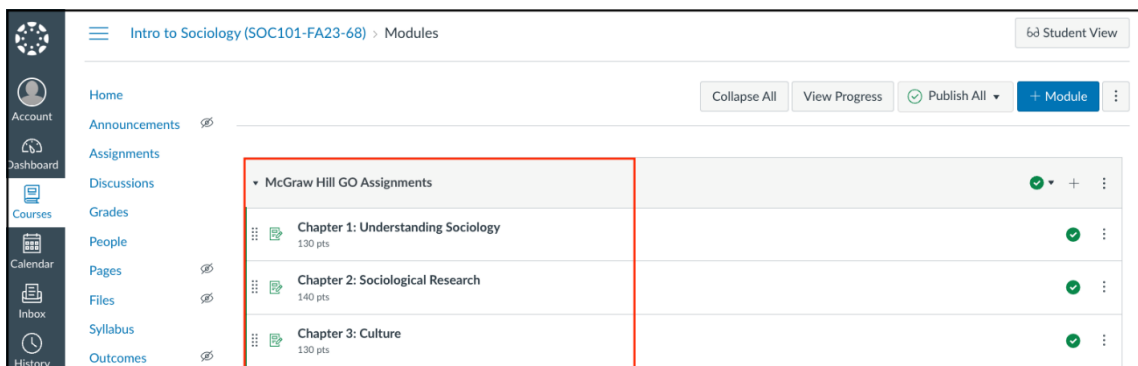

STEP 6: Search and select the Canvas course from which you want to import the McGraw Hill GO content.

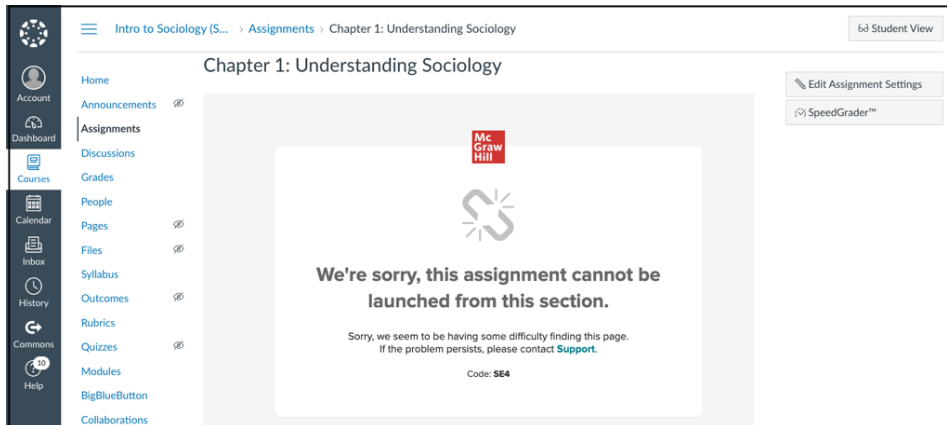

Then select whether you wish to import all content from the master course or just specific content. Select the **Import** button.

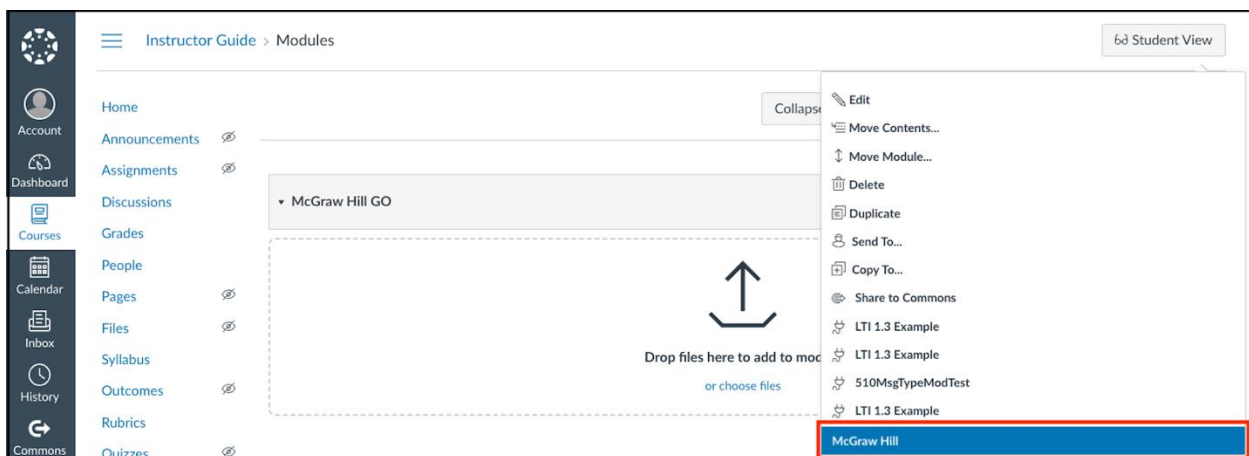

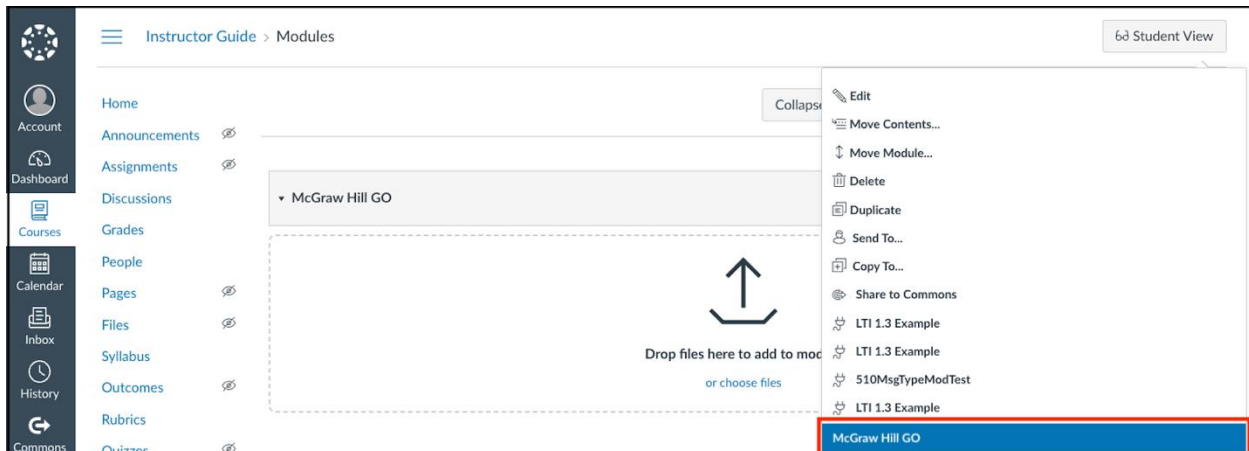

STEP 7: Once the copy operation has completed, go to the Modules area of the course. Notice that the GO assignments now appear in the module. In their present state none of these links will launch to GO. You must relink the GO assignments within the new course.

If you attempt to launch these GO assignments in their unlinked state, you will see this.

STEP 8: To relink these GO assignments, open the module kebab menu and select **McGraw Hill** or **McGraw Hill GO** from the list of options. If you're not sure which one to select, contact your LMS administrator.

If your institution uses the **McGraw Hill** integration, you will see the following screen. Select **McGraw Hill GO**. If your school uses the **McGraw Hill GO** integration, continue to the next step.

You will see a message that relinking is in progress.

You will then land in your new GO section, which confirms that relinking completed successfully.

Chapter	Assigned	Questions
<input checked="" type="checkbox"/> Chapter 1: Understanding Sociology	Assigned	13 Questions
<input checked="" type="checkbox"/> Chapter 2: Sociological Research	Assigned	14 Questions
<input checked="" type="checkbox"/> Chapter 3: Culture	Assigned	13 Questions
<input checked="" type="checkbox"/> Chapter 4: Socialization and the Life Course	Assigned	13 Questions

STEP 9: After relinking to Canvas, GO assignment settings will revert to their default state. Start Dates, Due dates, Point Values, and Extensions must be reset directly in Canvas.

To access Canvas assignment settings, select **Assignments** and then select the high-level kebab menu or the kebab menu for individual assignments.

Points can be edited here. By default, the assignment will be 10 points per question.

To edit assignment dates, select **More Options**, scroll to the bottom, and select **Manage Due Dates and Assign To**. When finished, select **Apply**.

*Note: In Canvas, if the instructor sets an **until date** on a GO assignment, students will not be able to access that assignment or the eBook through that assignment after the until date. If the instructor sets a **due date** but not an until date, students will still be able to access that assignment and the eBook through that assignment after the due date.*

Course Copy Method 2: Copy to . . .

STEP 1: Confirm that your 'master' Canvas course has been already paired to GO and that you can launch your GO assignments from a Canvas module.

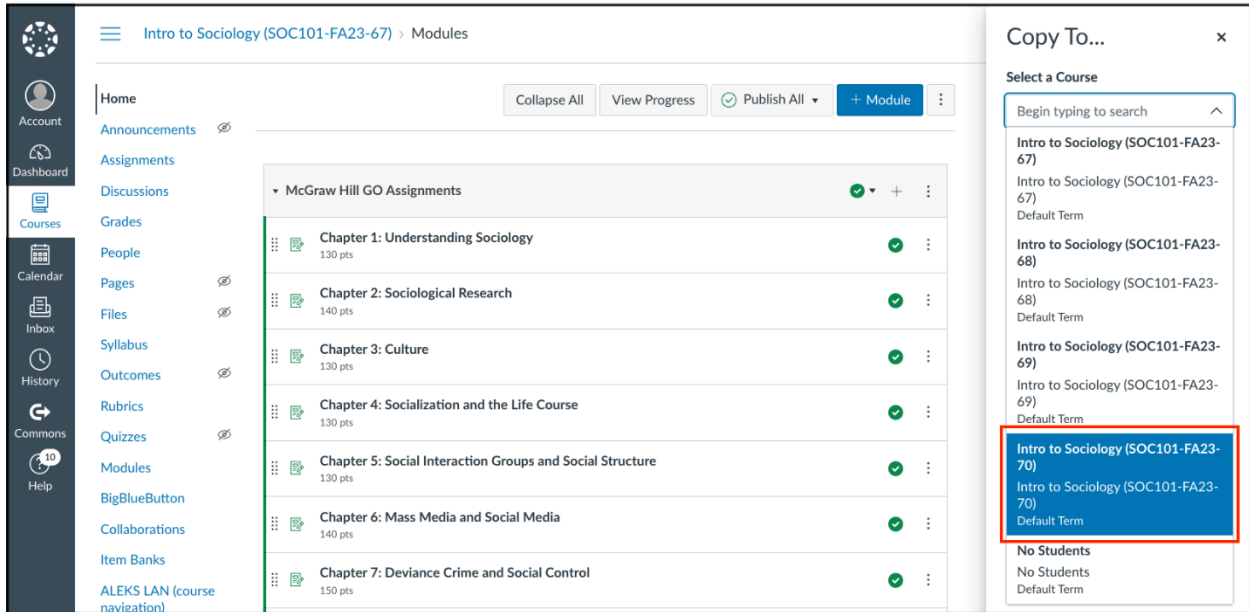

The screenshot shows the Canvas course interface for 'Intro to Sociology (SOC101-FA23-67)'. The 'Modules' section is expanded, showing a list of McGraw Hill GO Assignments. The first assignment, 'Chapter 1: Understanding Sociology' (130 pts), is highlighted. A red arrow points to the 'Test launch at least one GO assignment.' text next to it. Other assignments include 'Chapter 2: Sociological Research' (140 pts), 'Chapter 3: Culture' (130 pts), 'Chapter 4: Socialization and the Life Course' (130 pts), and 'Chapter 5: Social Interaction Groups and Social Structure' (130 pts). The interface includes a sidebar with navigation options like Home, Announcements, Assignments, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Rubrics, Quizzes, and Modules. The top right shows '63 Student View' and buttons for 'Collapse All', 'View Progress', 'Publish All', and '+ Module'.

STEP 2: Open the kebab for the first McGraw Hill GO assignment in the module and select **Copy to . . .**

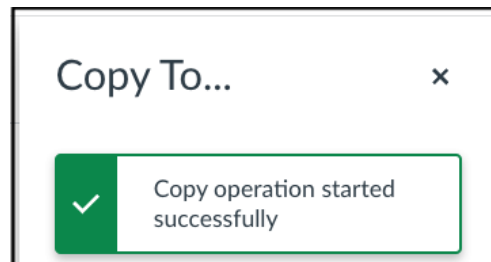

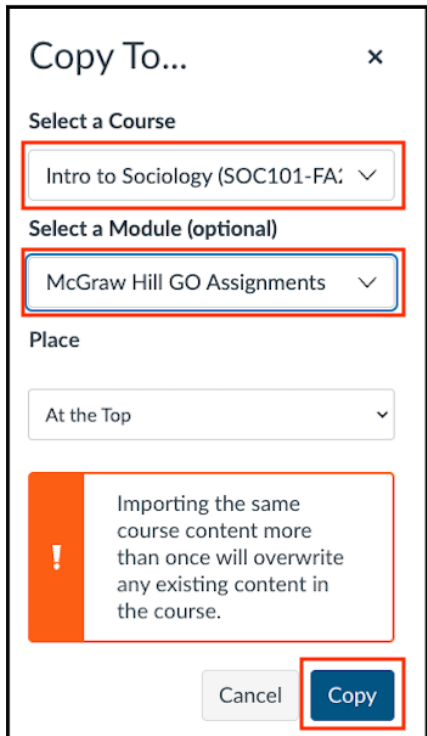

The screenshot shows the same Canvas course interface as above, but with the kebab menu for the first assignment, 'Chapter 1: Understanding Sociology', open. The 'Copy To...' option is highlighted with a red box. The menu also includes options for 'Edit', 'SpeedGrader', 'Remove', 'Move to...', 'Increase indent', and 'Send To...'. The 'Share to Commons' option is also visible. The interface includes a sidebar with navigation options like Home, Announcements, Assignments, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Rubrics, Quizzes, Modules, BigBlueButton, and Collaborations. The top right shows '63 Student View' and buttons for 'Collapse All', 'View Progress', 'Publish All', and '+ Module'. The 'Course Status' section on the right shows 'Unpublish' and 'Published' buttons, along with options for 'Import Existing Content', 'Import from Commons', 'Choose Home Page', 'View Course Stream', 'Course Setup Checklist', 'New Announcement', and 'View Course Notifications'.

STEP 3: On the Copy to . . . panel that appears at the right of the screen, find and select your target Canvas course.

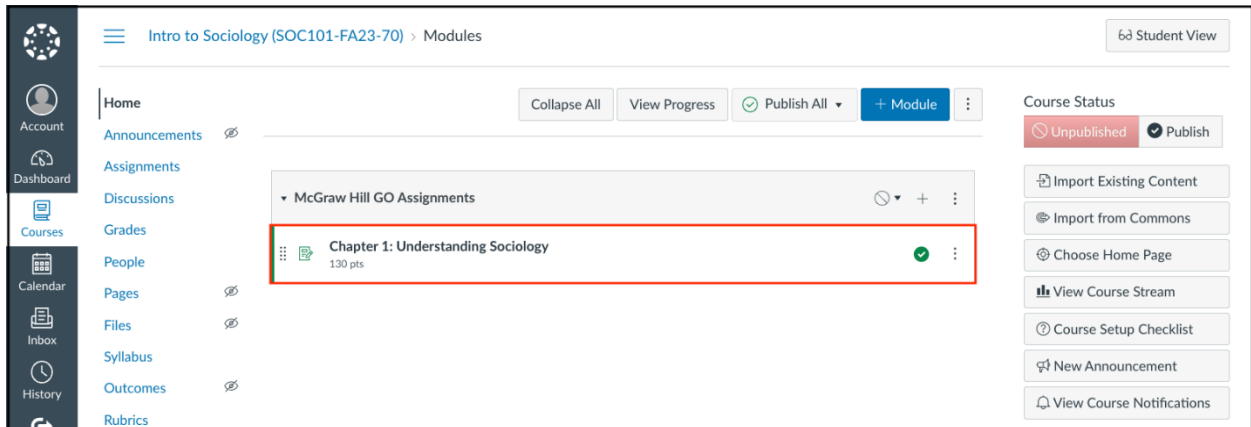

Optionally (recommended), select a module in the target course, and select **Copy**.

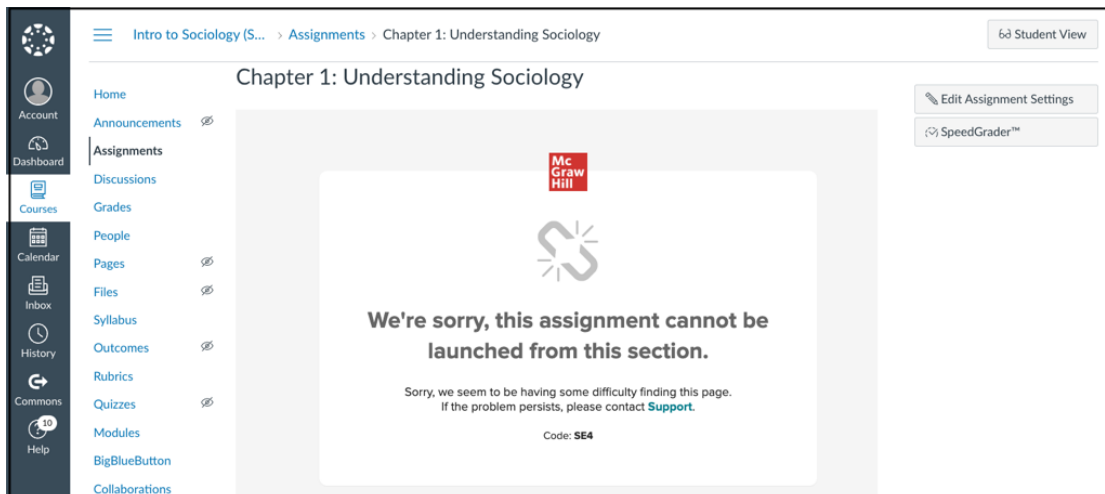

You will see a confirmation that your copy operation completed successfully.

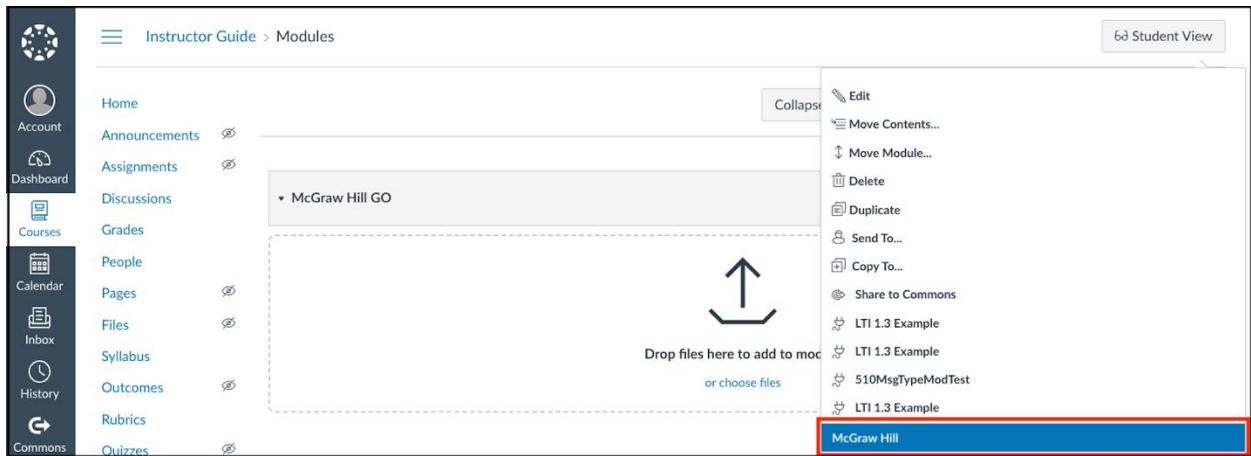

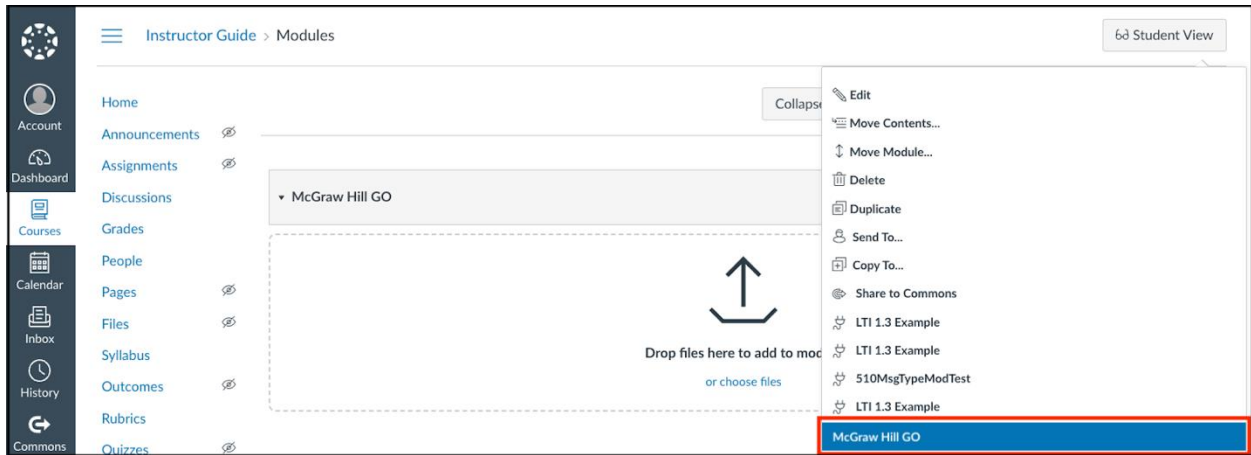

STEP 4: In the module of the target course, you will now see the copied GO assignment.

Note that in its present state the GO assignment link will not launch to GO. You must relink the GO assignment within the new course. If you attempt to launch the assignment in its unlinked state, you will see this.

STEP 5: To relink this GO assignment and pull in all the other GO assignments into your module, open the module kebab menu and Select **McGraw Hill** or **McGraw Hill GO** from the list of options. If you're not sure which one to select, contact your LMS administrator.

If your institution uses the **McGraw Hill** integration, you will see the following screen. Select **McGraw Hill GO**. If your school uses the **McGraw Hill GO** integration, continue to the next step.

Course Copy Method 3: Copy this Course

If your school allows you to create your own Canvas courses, you can copy a course and create a new course shell at the same time.

STEP 1: Confirm that your 'master' Canvas course has been already paired to GO and that you can launch your GO assignments from a Canvas module.

STEP 2: Select **Settings** in the left hand nav panel of your 'master' course.

STEP 3: On the Course Details page, select **Copy this Course**.

The screenshot shows the 'Course Details' page for 'Intro to Sociology (SOC101-FA23-67)'. The page has a sidebar on the left with navigation options like Home, Announcements, Assignments, etc. The main content area is titled 'Course Details' and includes fields for Name, Course Code, and Course Template. On the right side, under 'Course Status', there is a 'Publish' button and a 'Copy this Course' button, which is highlighted with a red box.

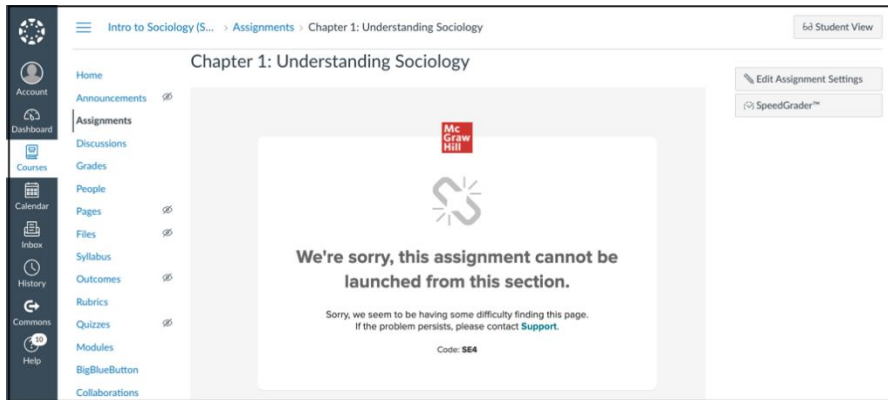

STEP 4: Provide a name for the new course and select **Create Course**.

The screenshot shows the 'Copy Course' page for 'Intro to Sociology (SOC101-FA23-67)'. The page prompts the user to 'Please enter the details for the new course.' There are input fields for Name, Course Code, Start Date, and End Date. The 'Content' section has radio buttons for 'All content', 'Select specific content', and 'Adjust events and due dates'. At the bottom right, there are 'Cancel' and 'Create Course' buttons. The 'Name' and 'Course Code' fields are highlighted with red boxes and numbered 1, and the 'Create Course' button is highlighted with a red box and numbered 2.

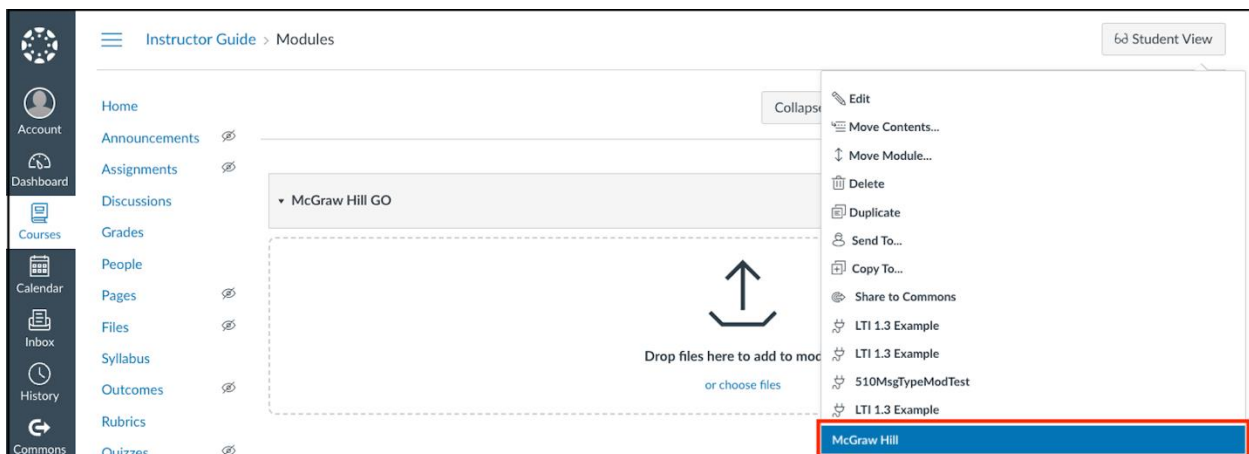

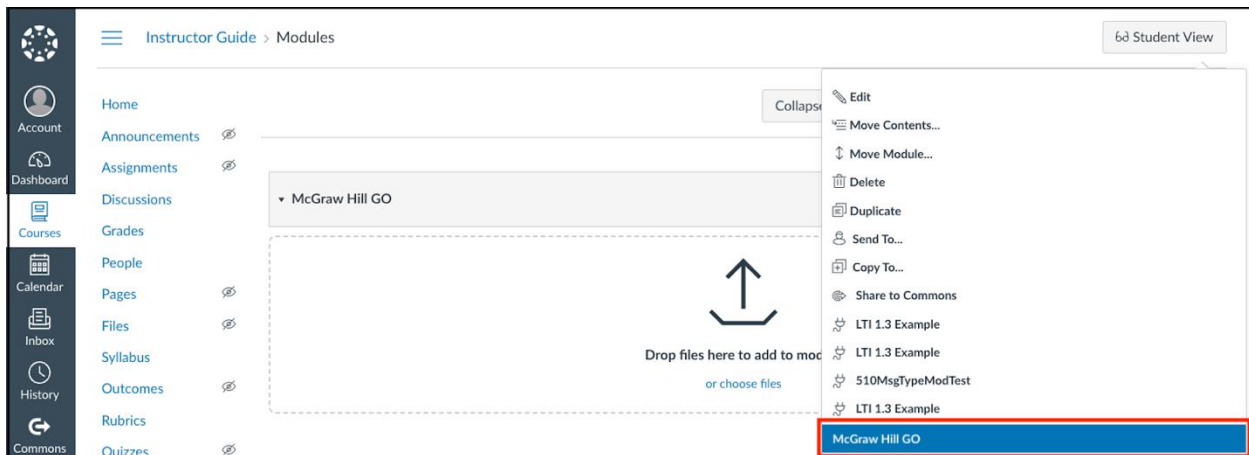

STEP 5: Once the copy operation has *Completed*, proceed to the Modules area of your new course. Notice that the GO assignments now appear in the module. In their present state none of these links will launch to GO. **You must relink the GO assignments within the new course.**

The screenshot shows the 'Modules' page for 'Intro to Sociology (SOC101-FA23-68)'. The page has a sidebar on the left with navigation options like Home, Announcements, Assignments, etc. The main content area shows a list of modules. A red box highlights the 'McGraw Hill GO Assignments' section, which includes three chapters: 'Chapter 1: Understanding Sociology' (130 pts), 'Chapter 2: Sociological Research' (140 pts), and 'Chapter 3: Culture' (130 pts). Each chapter has a green checkmark and a plus sign icon.

If you attempt to launch these GO assignments in their unlinked state, you will see this.

STEP 6: To relink these GO assignments, open the module kebab menu and select **McGraw Hill** or **McGraw Hill GO** from the list of options. If you're not sure which one to select, contact your LMS administrator.

If your institution uses the **McGraw Hill** integration, you will see the following screen. Select **McGraw Hill GO**. If your school uses the **McGraw Hill GO** integration, continue to the next step.

Mark a GO Section as a Template

Before performing any of the copy operations described earlier in this section, the instructor can *optionally* decide whether certain content management functions will be available in the resulting GO section copy. If a new GO section is a copy of a GO Template, then the following functions will be 'locked down' and unavailable to the instructor in that new section:

1. Setting attempts allowed for GO assignments
2. Removing/unassigning GO assignments from the GO section
3. Editing assessments
4. Changing the GO product paired to the Canvas course
5. Marking the new section as a Template

The GO Template feature is useful to a course manager who, for example, is required to create copies of a Canvas/GO master course and wants to control an adjunct's ability to alter the GO content in the new course copy.

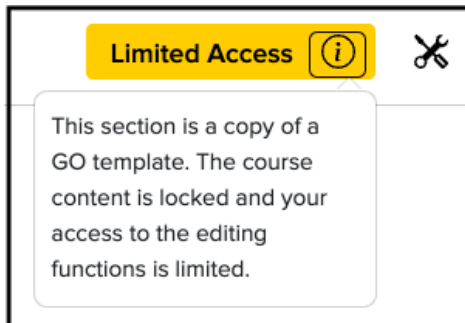

STEP 1: Proceed to your 'master' Canvas course which is already paired with McGraw Hill GO and launch **McGraw Hill GO** from the module kebab menu.

STEP 2: In your GO section, open the table of contents kebab menu as shown and select **Mark as Template**.

STEP 3: When the Mark as Template modal appears, select **Confirm**.

GO will briefly display a message that you have successfully marked this GO section as a Template. From this point forward, or until you unmark this GO section as a Template, any new GO sections that are copies of this Template will be 'locked down' and not editable by the instructor.

Further, instructors using a copy of a GO Template will see a banner in their GO section indicating that.

Attempt an Assignment

STEP 1: To start a GO assignment, select it from the assignment page or module page in Canvas.

STEP 2: Select **OK** to land in the reading portion of the assignment. If your assignment allows multiple attempts, you will see how many attempts you have remaining for this assignment.

STEP 3: Use the eBook navigation menu **(A)** to read the assigned chapter. Select **Questions (B)** to access the assessment portion of the assignment.

The screenshot shows the eBook navigation interface for Chapter 1: Understanding Sociology. At the top left, there is a navigation menu icon labeled **(A)** and a page indicator showing "18 of 196". At the top right, there is a "Questions" button labeled **(B)** and an "Exit" button. The main content area features a large blue header with the number "1" and the title "Understanding Sociology". Below the header is a photograph of a group of people in teal shirts participating in a community cleanup activity in a wooded area. At the bottom of the page, there is a copyright notice: "© 2023 McGraw Hill. All Rights Reserved." and several links: "Terms of Use", "Privacy Center", "Report Privacy", and "Site Map".

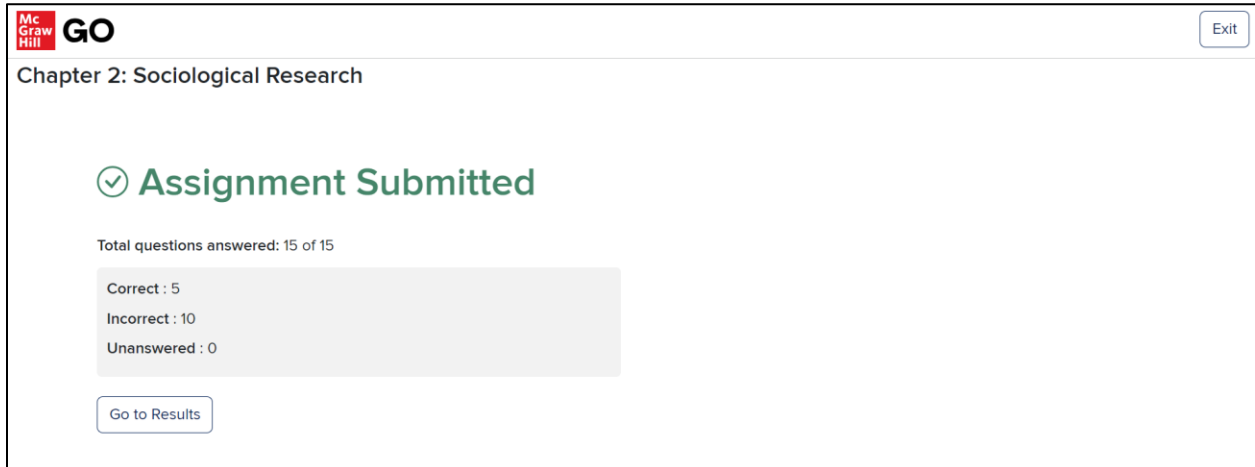

STEP 4: When in the questions you can:

- Answer questions **(A)**. Note that each time you select an answer your choice is saved **(B)**.
- Navigate between questions **(C)**.
- Return to the Reading **(D)**. Your answers will be saved. You can return to adjust your answers at any time, until you submit the assignment or the due date passes.
- Submit the assignment **(E)**.

The screenshot shows the assessment question interface for Chapter 1: Understanding Sociology. At the top left, there is a navigation menu icon labeled **(A)** and a page indicator showing "1 of 13". At the top right, there are buttons for "Exit", "Reading" (labeled **(D)**), and "Submit" (labeled **(E)**). The main content area displays "Question 1 of 13" with a "Saved" status and a **(B)** icon. The question is "What is sociology?". Below the question, there is a prompt "Choose the best answer:" and four radio button options. The first option is "the study of past cultures and preindustrial societies". The second option is "the process of using common sense to study the world around us". The third option, "the scientific study of social behavior and human groups", is selected and highlighted, with a **(A)** icon next to it. The fourth option is "the investigation of personality and individual behavior". At the bottom of the page, there is a copyright notice: "© 2023 McGraw Hill. All Rights Reserved." and several links: "Terms of Use", "Privacy Center", "Report Privacy", and "Site Map".

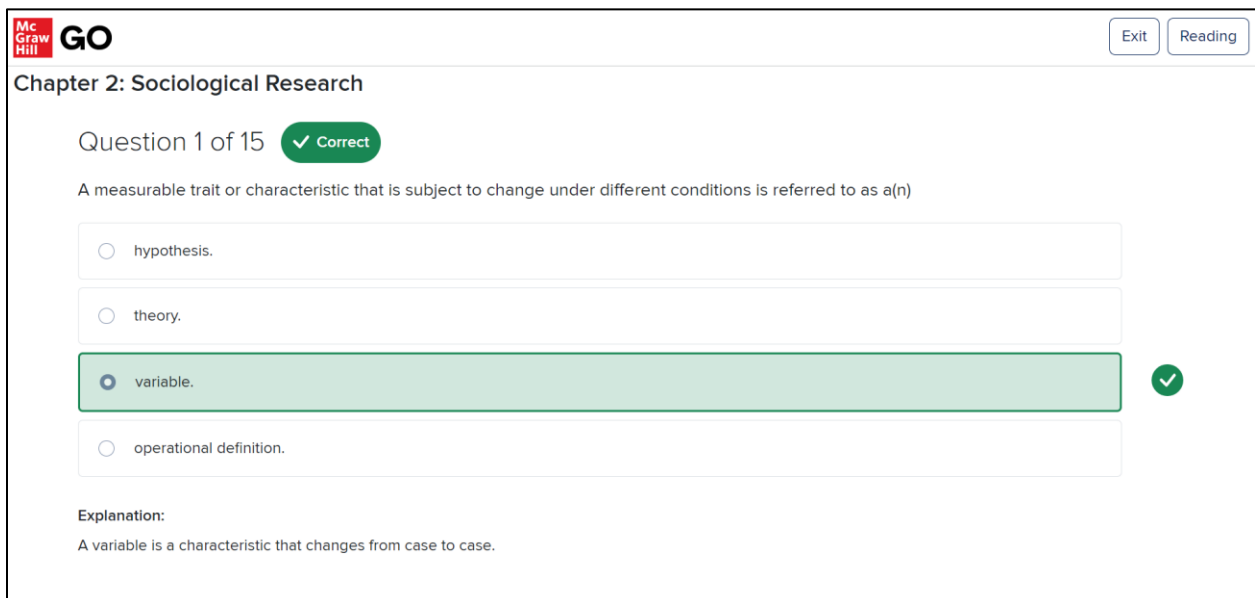

STEP 5: Select the **Submit** button when all questions have been answered and you are ready to submit your assignment.

If your assignment has only one attempt, you will see the Assignment Submitted page with your assignment results.

The screenshot shows the 'Assignment Submitted' page in the McGraw Hill GO system. The page title is 'Chapter 2: Sociological Research'. A green checkmark icon is followed by the text 'Assignment Submitted'. Below this, it states 'Total questions answered: 15 of 15'. A summary box shows 'Correct : 5', 'Incorrect : 10', and 'Unanswered : 0'. A 'Go to Results' button is located at the bottom left. An 'Exit' button is in the top right corner.

Select **Go to Results** to review your responses and explanations for the assessment questions.

The screenshot shows a question review page in the McGraw Hill GO system. The page title is 'Chapter 2: Sociological Research'. It displays 'Question 1 of 15' with a green 'Correct' badge. The question text is 'A measurable trait or characteristic that is subject to change under different conditions is referred to as a(n)'. There are four radio button options: 'hypothesis.', 'theory.', 'variable.', and 'operational definition.'. The 'variable.' option is selected and highlighted in green, with a green checkmark icon to its right. Below the options is an 'Explanation:' section stating 'A variable is a characteristic that changes from case to case.' 'Exit' and 'Reading' buttons are in the top right corner.

If your assignment has multiple attempts, you will see the Attempts Summary page with your assignment attempt results. Note that you will not be able to review your responses and explanations for the assessment questions until you either complete all attempts or forfeit remaining attempts.

From this page you can take the following actions:

- Start a New Attempt **(A)**
- Forfeit Remaining Attempts **(B)**
- Return to Reading **(C)**
- Exit the assignment **(D)**

ReadAnywhere App

Instructors and students have access to their McGraw Hill GO eBooks on mobile devices through the ReadAnywhere app. The ReadAnywhere App includes:

- Offline reading – study anytime, anywhere
- One interface for all McGraw Hill eBooks
- Highlighting and note-taking
- Video, audio, and interactive activities included for select titles
- Syncs across platforms, always up to date
- Available for Android and iOS

How to Log into ReadAnywhere

- Install and open the ReadAnywhere app
- If the same email address is used to log into both Connect and the GO LMS course, log into ReadAnywhere with the Connect credentials.
- If the user does not have a Connect account, click “forgot password” in ReadAnywhere instead of logging in.
- On the Password Assistance page, enter the email address used to access the GO LMS course.
- A link will be sent to the email address to reset the password. Click the link and follow the instructions to reset the password.
- After the password is reset, open ReadAnywhere and log in with the email address and the new password just created.
- The user should see eBooks from GO courses in their ReadAnywhere library.

Please note:

- GO assignments are not currently supported in the ReadAnywhere app, just GO eBooks.
- If the same email address is used to log into both Connect and the GO LMS course, a user may see both Connect eBooks and GO eBooks in their ReadAnywhere library.
- A user will not see the GO eBook in ReadAnywhere until they launch their first GO assignment from their LMS.
- If a user registers for GO with temporary access, they will see GO eBooks in ReadAnywhere until temporary access expires. They will need to purchase GO to continue seeing the GO eBook in ReadAnywhere. If temporary access expires and they do not purchase GO, they will lose access to the GO eBook in ReadAnywhere.
