ISBN: 1260040828 / 9781260040821

Overview

Computer Accounting with QuickBooks Online, 2/e allows you to teach the latest concepts of QuickBooks in an online environment. Use QuickBooks Online on any device—PC, Mac, tablet, smartphone—no software download or local install necessary! QBO provides a familiar internet-designed user interface for students to grasp accounting concepts while honing cloud computing skills. Students learn about the connection between the software, the general ledger system, and the accounting cycle.

New to this Edition:

- **12 months access to QuickBooks Online:** With this textbook, students use the Access Card's license and product numbers for 12 months of use with QuickBooks Online Plus. Educators register for unlimited use of QuickBooks Online Accountant. To learn more, go online to www.mhhe.com/qbo2e > Access Card.
- **User Interface:** Screen illustrations and prompts in the second edition are updated to match the user interface changes. Changes include the new Dashboard (formerly the Home page), Create Menu, and icon placement.
- **New Chapter-opening scenarios:** Each chapter begins with a scenario that outlines the work that is completed. Scenarios help students stay on track and prepare for the next step in the process.
- **New Check Your Data features:** Students learn accounting best practices by utilizing the "Check" features throughout each chapter. The new "Check Your Data" feature reminds students to review the Expense Transactions, Sales Transactions, and Trial Balance for accuracy and completion before moving on. Stop Sign prompts guide students through the process.
- **New Problem-Solving exercises** have been added to the end-of-chapter materials to sharpen students' critical thinking skills. Using the result of business processes, transactions, or financial reporting, students explain why and how the result occurred.
- **New Advanced Search criteria** have been added so students can filter searches by date, transaction, and amount.
- **New Comparative Financial Reports** provide additional opportunities for students to develop their analytical and decision-making skills.
- **Student Lists** can be viewed by professors for online access to their students' company accounts.
