

LEARN TO DRAW DIGIT THE DOG!

Digit the Dog is everyone's favorite canine that loves math. Now you can learn how to draw Digit using this step-by-step guide. Have fun!

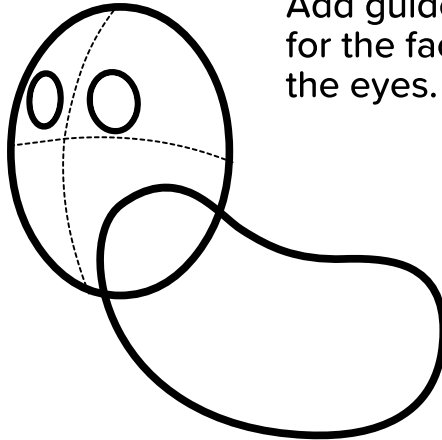

Step 1.

Draw an oval for the head and a bean for the body.

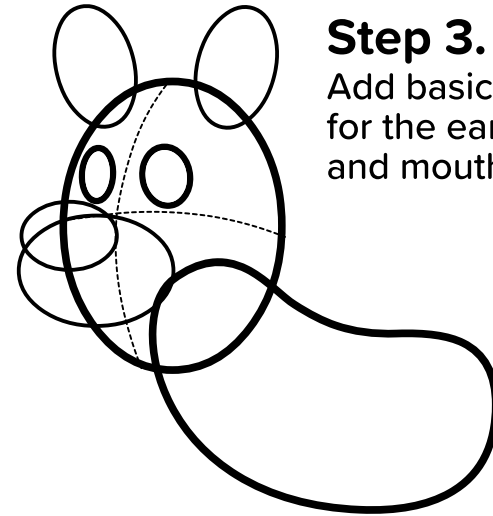

Step 2.

Add guide lines for the face and the eyes.

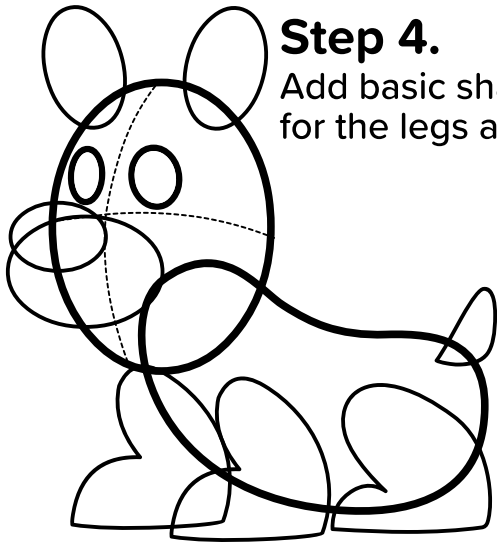

Step 3.

Add basic shapes for the ears, nose and mouth.

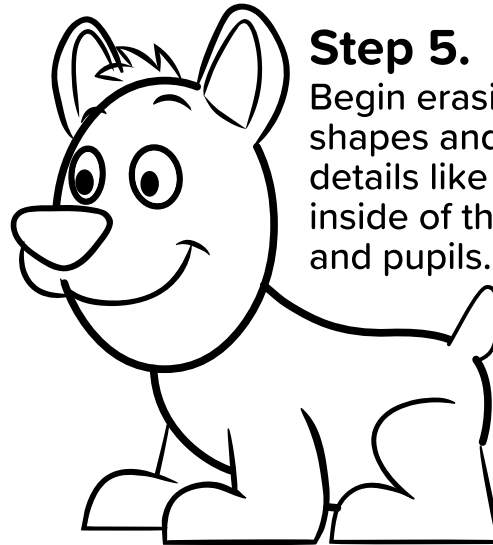

Step 4.

Add basic shapes for the legs and tail.

Step 5.

Begin erasing basic shapes and add in details like hair, the inside of the ears and pupils.

Step 6.

Add in final details like Digit's kerchief, paws and glasses.
