INSTRUCTIONS

Animated Virtual Stickers (GIF Zip File)

Everyone can use a little encouragement, especially during remote learning! These fun, musically-themed virtual stickers can be shared in a variety of ways:

- Send via direct message (DM) to students and parents through your interactive teaching platform of choice. (Examples: Google Meet, Zoom, Seesaw).

- Apply virtual stickers to online slideshows to encourage students while you're teaching.

- Place on emails or online correspondence directly to your students and their families.

See detailed instructions below.

For Seesaw:
- Open class journal and find the student response where you want to add sticker.

- Click on the three dots at the bottom and select "Edit Item".

- Open Edit window, click camera icon, and select "Upload".

- Select folder and choose a sticker. Then click "Open".

- Place sticker on top of the activity and size as needed.

- You can also place and open the folder with stickers on your desktop; then click "Edit Student Response" and drag the sticker you desire.

For Slideshows (Example: Google Slides, Powerpoint):
- Open the assignment on which you want to place sticker.

- Select the desired slide or page.

- Click "Insert" and select "Image".

- Click "Upload from computer".

- Choose desired sticker from sticker folder.

- Place sticker on top of the activity and move and size as needed.

- You can also open the sticker folder from your desktop; then open the desired slide or page and drag the sticker on to it.

NOTE: The virtual stickers are intended for personal classroom use only. Please do not use for commercial purposes.
